Subject: Review Chief Consolidated Mining Company, Consolidated Plan For The Tintic Operations  
Notice of Intent to Conduct Large Mining Operations, M049/0062, Utah County, Utah

Dear Mr. Schreiber:

The Division has completed the review of your consolidated plan for the Tintic Operations received February 21, 2008. This plan has consolidated the operations of Tintic Utah Metals, LLC, (Apex/Burgin Project – M/049/0009) and Chief gold Mines Inc. (Trixie Shaft – M/049/0024) under one permit. The plan is now considered complete. Prior to issuing final approval, you need to remit the annual permit fee (\$1,000) for this project.

While the Division has adequate surety for the reclamation, you will also need to change the accounts for the surety, from the previous company names to Chief Consolidated Mining Company. You will also need to sign a new Reclamation Contract. Please contact Jed Pearson, Bonding Coordinator at (801) 538-5382 or email at [bondcoordinator@utah.gov](mailto:bondcoordinator@utah.gov) to obtain instructions and forms necessary to complete this task.

Once this is completed, the Division will petition the Board for dismissal of the Failure to Abate Cessation Orders that were previously issued, as outlined in the Stipulation Agreement (issued August 9, 2005).
